What are my big goals?	Which goals need to happen first?	When do I want to achieve this?	What obstacles might get in my way?	How can I improve my chances of meeting my goal?	Where can I go for support?	Review: How am I doing?
Extend further with three.js	1. Read more articles 2. Work at least 4 hours a week 3. Watch more youtube tutorials	Before the end of the final sprint	1. Wrong task scheduling 2. Doing things on the last 3. Deciding to do too much work	By following the schedule I made and never postponing	First I should search for results on google, then I can search on youtube, ask a friend, finally if I did not find I will ask the teacher	This sprint I learned a lot but I think I can learn more therefore I will spend more time on the work, I have a clear overview now.
Learn more about mesh objects and make a good internal design of a museum	1. I should follow the same goals on the top 2. I must ask more questions and put more effort	Before the end of the final sprint	1. Adding many elements 2. Doing things on the last 3. Not finding the document or websites I am looking for	By following the schedule I made and never postponing	First I should search for results on google, then I can search on youtube, ask a friend, finally if I did not find I will ask the teacher	I think I was doing fine but not great. I am sure i can make this better than what it is so far.
